- **Styling:** Tailwind CSS, Responsive Web Design
- **Tools & Platforms:** Git, GitHub, VS Code, Vite, npm
- **API Integration:** Fetch API, REST APIs, Async/Await
- **Backend Development:** Node.js, Express.js
- **AI-Assisted Development:** Vibe Coding, AI-assisted coding, prompt-based development

PROJECTS

Dev Stack Builder Website

React · TypeScript · Tailwind CSS · Vite

- Developing a technology explorer with categorized technology cards and filtering options.
- Building stack-management interactions to add, remove, and clear selected technologies.
- Practicing reusable components, typed data models, responsive layouts, and toast notifications.

Personal Developer Portfolio

Next.js · TypeScript · Tailwind CSS

- Planning a personal portfolio to present technical skills, projects, and contact information.
- Designing for responsive layouts and interactive elements, with project links and a downloadable CV.

Web Developer Conference Website

HTML5 · CSS3

- Practiced a conference landing page with navigation, event information, sponsors, and pricing cards.
- Worked on typography, background overlays, section layouts, and CSS styling.
